- Developmentally Appropriate Practices
- Curriculum Development
- School Cultural Development

Additionally, an updated version of past and current presentations can be found: akreinking.weebly.com.

Dr. Anni K. Reinking is an educator, author, speaker, consultant, and innovative thinker. For the past fifteen years, Dr. Reinking has advocated for inclusive multicultural environments and processes of self-reflection to develop a wider lens of inclusion and society. She uses her degrees in psychology, early childhood special education, and curriculum and instruction to create unique experiences for audiences. She has presented her ideas at national and international conferences, as well through a multitude of articles and chapters. Additionally, Dr. Reinking has written three books and is working on expanding her written library for readers and learners to consume.

Dr. Reinking has conducted multiple hands-on workshops with a wide-range of audiences from church organizations to school groups to non-profit community organizations. The workshops cover several of topics, as is outlined on her website referenced above. Regardless of the topic, her workshops are high-energy, vision focused, and provide actionable items for individuals and group movement towards a common goal.

Dr. Reinking provides workshops and presentations to many audiences and is praised for her energy, applicable content, and continuous contact for questions and growth.

Contact Dr. Reinking today for a discussion on how she can help you meet your organizational or personal goals.
